

Jan Byyny Leads the Field After Cross Country at Fair Hill

October 15, 2011 - Elkton, MD - With her parents and friends there to watch, Jan Byyny rode her own Inmidair around Derek DiGrazia's CCI*** cross-country course with characteristic grit and determination. Jan took over the lead from Boyd Martin and Ying Yang Yo, but they remained close behind. It was an emotional day for Jan, but a very satisfying one, and the crowds cheered her on throughout her round. Becky Holder showed her skill with Tom Holder's Can't Fire Me to take third place going into tomorrow's final show jumping round at the Dansko Fair Hill International Festival in the Country.

Daniel Clasing jumped a clear cross-country phase with his own Houston and was spot on the optimum time of 10:08 to win \$2,000 in SSG "Go Low For The Dough" bonus award money. He was thrilled to win and will buy a new pair of SSG Eventer gloves to replace his much worn, but lucky pair.
